

PRIMELUB

TELESCOPIC GREASE

PRODUCT DESCRIPTION

- ◆ Primelub Telescopic grease is a Synthetic oil-based, lithium-soap EP grease which is free of heavy metal and chlorine compounds and enhanced solid additives (PTFE)

APPLICATIONS

- ◆ Due to its excellent adhesion and EP properties, PRIMELUB TELESCOPIC GREASE is recommended for the lubrication of plain and roller bearings operating in harsh conditions (e.g. dust, water, vibration etc.). It is excellently suited for the lubrication of sliding surfaces and plastic slide plates of telescopic cranes, and as for the exterior protection for wire ropes.

AVAILABLE

- ◆ Primelub telescopic grease are available in packing's 180 and 18 kg.

TECHNICAL SPECIFICATION

Test	Unit	Method	Spesification	Result
NLGI Grade			2	2
Colour		Visual	Natural White	Natural White
Dropping Point Oil Bath	°C	ASTM D 566	Min 260	272
Penetration@ 25 C		ASTM D 217		
Unworked	Mm			275
Worked	Mm		265 - 295	278
Oil Separation, 30 hours 100°C	% wt	ASTM D 6184	Max 1.5	0.69
Copper Stripe Corrossion, 24 hours 100°C		ASTM D 4048	Max 2A	1A
Four Ball Wear, Scar Diameter	mm	ASTM D 2266	Max 0,60	0,534
Four Ball EP, Weld Point	kgf	ASTM D 2596	315	315
Water Washout, 1hour 79 °C	% wt	ASTM D 1264	Max 1,5	0.92
Soap Type			Lithium	Lithium
Base Oil			Synthetic	Synthetiic
